

WOOLVETT Robert H - (1927-2011) Our Dear Father passed away Dec 3, 2011. He was a kind and gentle man who made the most of his life and raised his family with quiet reason and wisdom. Survived by his partner of 29 years Lella, sons Bob (deceased), Greg, Paul and Randy. He has many grandchildren, great grandchildren and Daughters in Law who loved him dearly. He was the eldest of four, Sister Sue Williams, his Brothers Thomas and Richard both deceased. We tried to emulate him and continue to do so. He leaves us a legacy of honesty and fairness. He loved sailing, model trains and was very proud of his accomplishments during his long career as VP Brewers Warehousing, GM Ontario Brewers Institute and **Captain of the London Police Department**. Cremation was his wish, there will be no service, a graveside memorial in Arkona where he will be buried with his beloved Mother & Father in the Spring. Donations to the Canadian Diabetes Assn or Heart & Stroke Foundation would be appreciated.
