

12 Hale Drive,  
Georgetown, Ontario,  
L7G 4C2,  
March 26, 1984.

We are writing this note to inform her relatives and friends of the passing of Alice Lucas on Wednesday, March 21, 1984, in Victoria Hospital, London.

Her death was the result of complications of a stomach ulcer operation.

Her remains have been cremated, with burial in the family plot in Arkona, as per Alice' instructions some time ago. Alice also wanted no funeral, and no public notice of her passing, but did, however, want those people to whom she felt close by phone, and letters to be informed of this sad event.

Sincerely,

Perce and Kay Bentley
