

Love Life

She loved life!
She lived life to the fullest
Singing and dancing
Loving people
Always giving and loving and catering to others
Always positive that life
Was unfolding as it should
Even amidst the hard times
Life's difficulties and struggles
She kept her spirits up
Enjoying life to the fullest
Living in close relationship with her God!

And now she has gone
Back to the One who created her
To live in all joy and beauty and love!
So learn from her
Remember what she taught you
And live life well!
Trust in the Holy One
Know that that Loving Presence
Is Within you in all that you do
So enjoy life to the fullest!
Live life fully!
Rejoice and be glad!
Love life!
